

Smyth County Public Schools

Mission Statement

The mission of Smyth County Schools is to ensure a quality education so that students succeed to their maximum potential. This will be achieved through the collective effort of students, staff, families, and community.

Vision

Smyth County Schools will prepare students to be responsible global citizens by creating a supportive and challenging educational environment.

Beliefs

- All students will be treated with kindness, respect, recognition, and fairness.
- All students can learn and achieve success while developing the skills to become productive, responsible citizens.
- A quality staff and strong instructional program responds to the dynamic and diverse needs and expectations of students, parents, and community.
- Education is a lifelong developmental process for all participants.
- Families and community share the responsibility for advancing the mission of our division.
- Our school community respects individual and cultural differences, recognizing that students are our top priority.
